PROFILE

I am Miljan Ristic, an applied artist and graphic designer from Serbia with over 10 years of experience. I obtained my Master's Degree at the Faculty of Arts at the University of Niš. Since then, I have continuously built my multidisciplinary background and skills in graphic design, illustration, creative work, and traditional Fine Arts. My professional interests include branding, logo design, illustration, advertising, social media design, etc. My most recent roles included Senior 2D Artist, Illustrator, and Marketing Designer in the gaming industry, where I worked for the last eight years.

FREELANCE WORK EXPERIENCE

FREELANCER / REMOTE WORK

GRAPHIC DESIGNER

Jul 2012- till today

As graphic design has been my passion since my studies, I collaborate in design with a numerous and various clients around the globe through on-line platforms such as Upwork, 99designs, and Fiverr. My work process involves sketching, competition research and/or exploring diverse directions to develop design concepts. I have a multidisciplinary approach that aligns with the dynamic nature of the graphic design. With each project, I strive to boost my creativity and refine my proficiency, speed, and design skills. I am a quick learner, adaptable and embrace changes, recognizing the importance of staying updated with evolving trends and technologies in our field.

Technical expertise I acquired working in the different areas of graphic design:

Logo Design and Brand Identity • Typography • 2D Illustration • Digital Media Design • Social Media Advertising • Poster and print materials • Textile print design • Photography and photo editing • Video editing • UI design • Simple 2D animation and GIF • Responsive Design
